# **MIXING VALVE SERIES 3F**

3F, DN 20-150, cast iron, PN 6. Flange.

## **OPERATION**

The ESBE series F is a valve made of cast iron for use in heating and cooling installations.

The mixing proportions are adjusted manually with a handle or, in automatically controlled systems, by means of an actuator. Suitable actuators are ESBE series ARA600 for DN ≤40 or series 90. The valve can alco be equipped with ESBE controllers series 90C, CRA120 or CRA110 and CRB ≤DN40.

Valve series 3F is available in dimensions DN 20-150 with flanged connections.

The scale is graded on both sides and can be turned, allowing a choice of mounting positions. Operation angle = 90°.

#### **SERVICE AND MAINTENANCE**

All major parts are replaceable. The shaft seal consist two o-rings, one of which can be replaced without the need for draining down the system or dismantling the valve. However, before doing so, the system must be depressurized.

#### **INSTALLATION EXAMPLES**

All the examples of installations can be reversed. The valve position plate is graded on both sides and should at the installation be fitted in the correct position as shown in the instruction for installation.

Mixing

Diverting

#### **VALVE 3F DESIGNED FOR**

| <b>A</b>        | O                    |
|-----------------|----------------------|
| Heating         | Ventilation          |
| Comfort cooling | ◯ Zone               |
| O Potable water | O District hot water |
| Floor heating   | O District heating   |
| Solar heating   | O District cooling   |

#### **SUITABLE ACTUATORS**

The valve series 3F may most easily be fitted with ESBE actuators:

| _                   |
|---------------------|
| Series CRB100 ≤DN40 |
| Series CRA110 ≤DN40 |
| Series CRA120       |
|                     |

### **TECHNICAL DATA**

# **REQUIRED ACTUATOR TORQUE**

The figures below are intended only as a recommendation for ordinary installations. In some applications the valve may require even more actuator torque.

| Valve size up to | DN 25 _  | actuator torque 3 Nm |
|------------------|----------|----------------------|
|                  | _DN 50 _ | 5 Nm                 |
|                  | DN 80 _  | 10 Nm                |
|                  | DN 150   | 15 Nm                |

#### **VALVE CHARACTERISTICS**

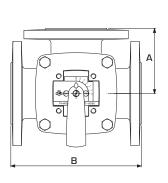

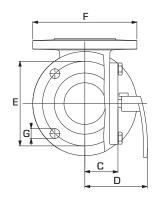

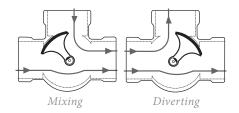

ESBE 2012/13 VALVES AND ACTUATORS

# MIXING VALVE

# **SERIES 3F**

Flanged connection PN6, standard EN 1092-2

The flat-sided spindle top (as well as the indicator of the knob) points towards the sleeve position.
