

18

THE NEW WET ROOM COLLECTION

The magnificent New Wet Room Collection provides the ultimate all-in-one shower experience.

28

THE CLASSICA COLLECTION

The superb Classica Collection brings together alluring design and unfaltering passion for quality.

48

THE NEW ILLUSION COLLECTION

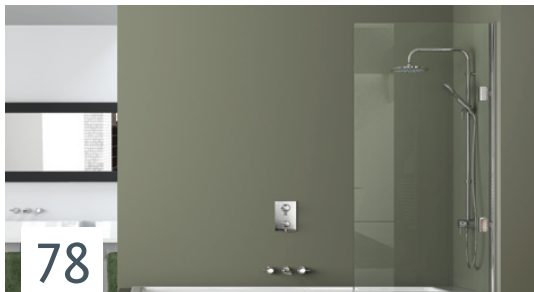

Supremely luxurious, the New Illusion Collection is not only stylishly modern, but also boldly innovative.

62

THE MIRAGE COLLECTION

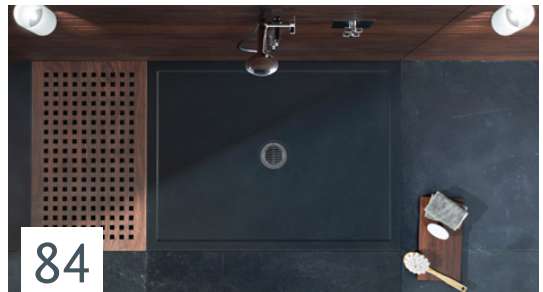

The Mirage Collection of doors and surrounds takes showering design to a new level.

78

THE BATH SCREEN COLLECTION

The elegant and effective solution to the all too common problem of over the bath showering.

84

THE SHOWER TRAY COLLECTION

Perfectly reflecting Matki's guiding principles of quality, strength, resilience and timeless design.

NEW WALK-IN COLLECTION

Effortlessly luxurious, the new Walk-In Collection has to be the very pinnacle of doorless showering solutions.

Designed as the sublime recess configuration seen here or as an equally beautiful corner or free-standing configuration, the hand-crafted surround is created almost entirely from glass and fits perfectly into a groove in the uniquely styled tray.

Shown here with Optional Hinged Panel for extra splash protection. The Hinged Panel features a unique glass edge water seal. Patent applied for.

The industry-leading two-way thermostatic valve is an integral part of the sleek shower assembly, enabling water flow and temperature to be conveniently controlled from within the shower. Outstanding beauty and masterful inspiration creating a glamorous wet room feel that everybody can now indulge in.

NWSR1590\H NEW BOUTIQUE WALK-IN RECESS WITH HINGED PANEL

In Celtic Silver with Chrome plated details – Clear 8mm and 10mm Safety Glass to EN12150-1, supplied complete with shower tray, Elixir Blade thermostatic shower and accessories.

BOUTIQUE CORNER AND CORNER WITH SIDE PANEL

FEATURES

- Available in four sizes, including Corner Three Sided and Recess
- The 8mm and 10mm Safety Glass panels are cleverly inserted into a groove in the dedicated shower tray forming a perfect seal. This feature eliminates the need for silicone sealant along the base of the glass surround and helps to maintain its clean look
- Matki Glass Guard Easy Clean protection included in price
- 1700mm model designed to fit neatly into a space where the bath is being replaced
- Walk-In shower offering a generous showering area with or without a hinged panel (see illustration page 2-3)
- The 1580/1590/1780/1790 Walk-In models are uniquely supplied complete with the Elixir Blade high quality concealed thermostatic shower mixer with diverter together with the water saving Duo hand shower and a 180mm x 150mm Easy Clean Deluge shower head

- Walk-In trays in acrylic filled Synthastone, in White, Pergamon and Piano Black are supplied complete with Fastflow Shower Waste with polished stainless steel grill. Boutique trays have tiling upstands on wall sides.

STYLE

- Finish: Celtic Silver. Frame: High-lustre anodised Aluminium with Chrome
- Glass: 8mm and 10mm Clear Safety Glass (EN12150-1)
- Height: 2056mm including shower tray

OPTIONAL EXTRAS

- All models are available with optional raised tray in White allowing waste pipe to run between tray and floor in any direction, raised tray adds 100mm to overall height. For Raised tray with Front Cover Panel in White only add £43.00 for Recess and £81.00 for Corner excluding VAT
- Optional Hinged Panel £330.00 excluding VAT. If you require the hinge panel option, please add an H after the product code i.e. NWSC1590/H.

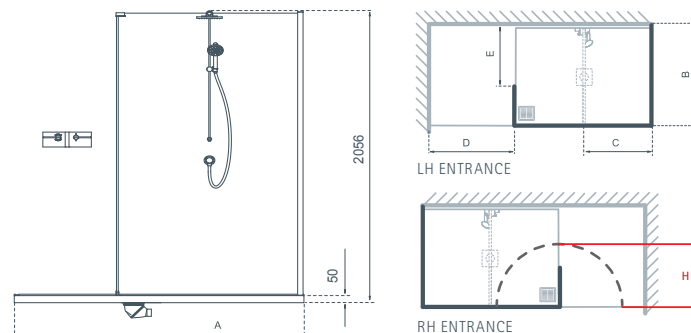

ADDITIONAL INFORMATION

- All Walk-In surrounds are handed. Please specify *left* or *right* hand; see illustration.
- The Deluge shower head performs best with minimum 0.5 bar water pressure systems.
- The Walk-In design will contain most shower spray during normal use.
- Some spray may extend beyond the entrance and we recommend tiling of the adjacent area.
- Boutique Walk-In is available without Deluge shower head and overhead rail. Shower tray and shower mixer included in price.

- The 1200 Walk-In ranges are uniquely supplied complete with the Matki Elixir high quality concealed thermostatic shower mixer with diverter, a hand shower and overhead support with 180mm Easy Clean Deluge shower head*
- Walk-In shower, no door to open or close
- Curved toughened glass is located inside the shower tray eliminating the need for silicon sealant along the base of the surround, therefore retaining its clean look
- Trays have integral fixings for glass panels and come with tiling lip on wall sides for a secure tray-to-tile waterseal. Maximum finished tile thickness 12mm, for thicker tiles consult our Customer Helpline
- Walk-In trays are supplied with a Fastflow Chrome top access waste
- Synthastone shower tray in any colour and 90mm Matki Fastflow shower waste included in price
- 1206 Walk-In shower surround without door, comes complete with Matki Elixir concealed thermostatic shower mixer, slide bar and handset (without overhead support), Synthastone shower tray and 90mm Matki Fastflow shower waste

STYLE

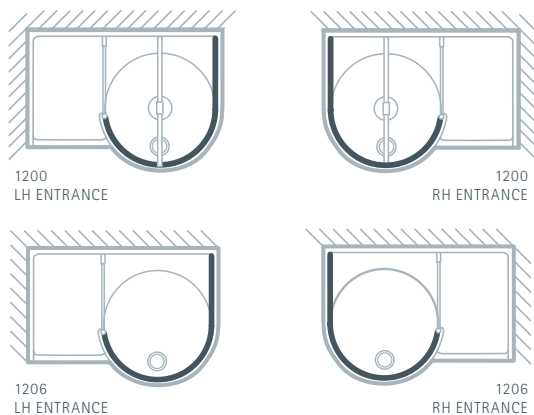

- Finish: Celtic Silver
- Frame: High-lustre anodised Aluminium with Chrome plated details
- Glass: 6mm Clear Safety Glass
- Height: 2138mm including tray and support tube 1970mm to top of glass

OPTIONAL EXTRAS

Matki Glass Guard Easy Clean protection to special order £137.00 excluding VAT.

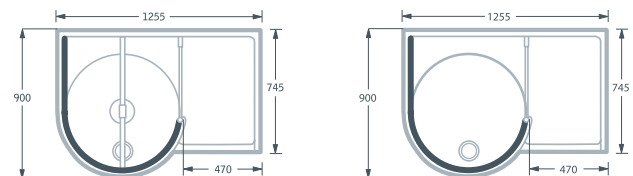

CONFIGURATIONS: CORNER

1200, 1206

ADDITIONAL INFORMATION

1. All Walk-in surrounds are handed, please specify *left* or *right* hand; see illustration.
2. The Walk-In design will contain most shower spray during normal use.
3. Some spray may extend beyond the entrance and we recommend tiling of the adjacent area.

NEW WET ROOM COLLECTION

The epitome of sophistication, the magnificent New Wet Room Collection provides the ultimate all-in-one shower experience.

The sleek glass panels, seamlessly fused together with only the most discreet use of Chrome framing allow light to flood in, while the adjustable brace bars enable you to create an open space to the exact dimensions required.

The superb minimalist look is carried through to every last detail, from the flawless meeting of glass surround and tiled floor to the effortless simplicity of the high-lustre temperature controls, column and shower head. The perfect combination of sublime indulgence and effortless style.

CLASSICA COLLECTION

The superb New Classica Collection brings together alluring design, an unfaltering passion for quality and more than a hint of glamour.

The opulent styling of the Classica Straight Slider shown, is created with a stunning mix of highly polished, Stainless Steel frame and a low-profile tray that perfectly houses a toughened glass surround 10mm thick. The smooth running, soft closure sliding door satisfyingly pulls itself tightly closed. And with the effortlessly discreet stainless steel threshold drain, and the option of a slender Elixir shower column, Deluge shower head and handset, this striking New Classica Collection is a range with a truly exhilarating personality.

NEW ILLUSION COLLECTION

New Illusion is not just a product update but a completely new design full of useful product innovations. The new design makes clever use of the same non-slip hinge technology found in the successful 10mm EauZone Plus doors. Using 8mm door glass the New Illusion is lighter and the off-set hinge system gives New Illusion the widest possible entrance space. The handle too is new - neat and flush fitting when not in use and a delight to touch when opening the door, with a friendly damper assisted return.

PICTURE RIGHT SHOWS:

IQT1590 ILLUSION QUINTESSE CORNER

ORIGINAL ILLUSION COLLECTION

The superb Illusion Collection of shower doors and surrounds certainly lives up to its name. The high-lustre framing that rigidly holds the 8mm toughened glass is so minimal that the structure all but disappears. The door and side panels are also cleverly located inside the integrated shower tray, minimising the need for sealant, maximising Illusion's clean, uncluttered lines.

MIRAGE COLLECTION

The Mirage Collection of surrounds takes showering design to a new level. Smooth sliding double doors and panels cleverly located inside the shower tray, eliminating the need for silicon sealant and maintaining a much sharper, cleaner look. This is all set off by the beautifully designed, high-polished frames and Chrome plated brass handles and details.

COLONADE COLLECTION

We are committed to continual innovation in the design of all of our products, and the recreated Colonnade Collection takes this ethos one step further. By fusing inspired styling with highly sophisticated production techniques, we have created a range of shower doors, surrounds and trays that, we feel, set the standard for all showering design.

From luxuriously proportioned double showers to Matki's unique space saver Quintesse, the entire Colonnade range share the same superb levels of imagination, design, materials and engineering. A new classic has been created.

SHOWER TRAY COLLECTION

The Matki Shower Tray Collection perfectly reflects Matki's guiding principles of quality, strength, resilience and timeless design. Our unique Acrylic Synthastone filled manufacturing process ensure each and every tray is a rock solid fit with no bowing or shifting. The complete shower tray range is manufactured in our own factory in Cornwall ensuring that each tray fits perfectly with the Matki shower surround. Every situation is catered for starting with our Continental FL30 trays for wet rooms, the popular new Continental CL40 slimline trays which uniquely have completely straight sides for a sculptured look, the extensive Finline SN60 range as well as the new Universal Colour 40 shower trays available in all popular bathroom colours and special colours. Most Matki shower trays come with a raised option where the shower waste is accommodated above the floor as well as tiling lip options where required.

PREFERENCE STANDARD AND BESPOKE SHOWER TRAYS

FEATURES

- The New Shower tray which fits anywhere.
- One of the main features of the new Matki Preference shower tray is its complete adaptability and flexibility to fit into any space.
- The Matki Preference shower tray revolutionises shower design with fit-anywhere possibilities and ultra modern low profile look.
- Matki's unique advanced formula material composition is rich in ground marble giving outstanding durability and a tough fully restorable surface.
- The tactile semi-matt finish is comfortable, luxurious and warm to the touch and blends beautifully into any bathroom design.
- Choose from a range of standard sizes or to your own specification.

STYLE

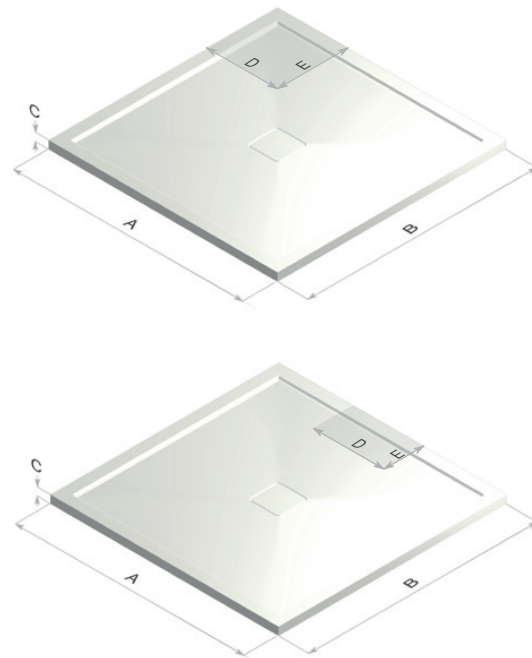

- Shower Tray with the security of a 10mm raised threshold.
- Finish: Solid Surface, Semi-Matt White.
- Height: See below.

Above shows a possible bespoke configuration. To measure for a bespoke tray you can use the diagram and table (left). D and E are shown as an example only for bespoke trays with cut-out. It is even possible to locate the waste hole off centre if this is required to avoid a floor joint. If you need further clarification on how to measure for bespoke, please contact Matki or your local Showroom.

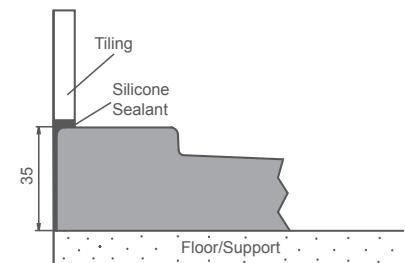

CONFIGURATIONS: PREFERENCE

Shower waste positioned in centre of tray, see notes left.

ELIXIR BRASSWARE COLLECTION

The exquisite Elixir range of thermostatic shower mixers and accessories is a marriage of style and functionality.

Contemporary yet perfectly timeless in design, the range compliments any one of the Matki shower surrounds. The innovative thermostatic shower valve technology gives a temperature control with a preset limit to prevent scalding, and will work beautifully in low-pressure gravity systems and in those with high-pressure pumps.

The solid Brass fittings are Chrome plated for a brilliant finish, making them an enticing mix of beauty and impressive practicality.

See Matki Brassware Brochure for full range of mixers, taps and accessories.

For higher pressure systems we include an optional 11 litres per minute flow regulator, which will give a more than adequate shower and save water. 9 litres per minute flow regulators are also available on request.

FEATURES

■ The Fastflow shower waste evacuates over 30 litres of water per minute and complies with EN274-1, making the Matki Fastflow shower waste one of the most efficient on the market and suitable for high volume shower systems

STYLE

- Finish: Stainless Steel or White
- Height: 90mm

ADDITIONAL INFORMATION

1. Where not already included in the product price, all Matki shower trays can be supplied with the Fastflow shower waste at an additional cost of £60.00 plus VAT.

FEATURES

- High quality Chrome push down basin waste, the perfect finishing touch for your basin whether it's a freestanding bowl, or wash basin with clean, smooth lines
- With this push button basin waste the plug is operated by simply pushing down to close and pushing again to open

STYLE

- Finish: Chrome

ADDITIONAL INFORMATION

1. Available with or without overflow slot.

GENERAL INFORMATION

INSTALLATION

Full, simple-to-follow instructions are provided with all Matki products to ensure a quick and easy installation every time. The new low profile Acrylic capped shower trays are available in White, Pergamon and Piano Black. Matki Cast stone shower trays are designed for a perfect fit and come in a full range of bathroom colours. The tiling upstand option is the builders' favourite for a perfect watertight installation in even the most difficult situations. Door and side panels are adjustable between the dimensions stated. All dimensions are approximate. All Matki surrounds are suitable for left or right installations except where otherwise stated.

SPECIAL SIZES

Certain models can be produced in special sizes to order, please contact the Customer Helpline. Our EauZone Plus product range is available fully bespoke, see separate brochure.

PRICES

Matki policy is one of continual improvement and we reserve the right to change specification, colour and prices without notice.

MATKI 10 YEAR GUARANTEE

Matki shower surrounds and shower trays are covered by a 10-year guarantee against parts failure, with the initial two-year period also having labour cost cover. Gold and nickel-plated parts, Teak Decking and Matki Glass Guard are guaranteed for the initial two-year period only. Matki Elixir and Matki Swadling thermostatic shower mixers and accessories and Matki Fastflow shower wastes are guaranteed for five years.

The 10-year Matki Guarantee is subject to registration and the issuing of a Guarantee number.

MATKI GLASS GUARD

Matki Glass Guard is an invisible glass surface coating which helps to reduce limescale and hard water deposits to make cleaning of the glass so much easier. Matki Shower Doors, Surrounds, and Trays are produced in accordance with BS EN ISO 9001:2000 Quality Assurance Systems.

WATER SOFTENERS AND GLASS GUARD

Certain types of water softeners increase the alkalinity of the water due to a carry-over of chloride during re-generation which can cause aggressive water spots on both untreated and Glass Guarded glass. If using a water softener we recommend a two-cylinder machine with automatic re-generation instead of a timer.

If a single-cylinder water softener with timer is already installed it is recommended that after each shower excess water is removed from the glass with a squeegee or with a micro-fibre cloth.

ADDITIONAL INFORMATION

Certain Matki products are offered at an inclusive price for shower surround and tray. Uniquely in the case of most Walk-In models, the prices quoted include surround, tray, Fastflow shower waste, shower mixer, Easy Clean Deluge shower head, diverter valve and hand shower.

A supplement may apply where certain items included in the 'pack prices' are not required. We recommend inspection of display models. Matki produce a full range of shower surrounds, bath screens and shower trays and shower mixers contained in a separate brochure which is available from your stockist or direct from our Customer Helpline on 01454 322 888.
