Wall-mounted eye wash station with basin, manually operated via a hand control in AISI 430 stainless steel in green epoxy, with a 1/4 turn chrome-plated brass valve. AISI 430 stainless steel basin Ø 250mm coated in green epoxy. Eye wash spray heads fitted with protective caps in green ABS plastic; will eject automatically when activated. Flow rate 20 lpm at 3 bar, aerators have stainless steel double filters. Water supply M1/2". Galvanised steel supply pipes coated in grey epoxy, with hand control in green epoxy coated galvanised steel. Wall-mounted on a brass plate (screws not included). Supplied with standard identification sign: "Eye Wash". 10 year warranty. Brand DELABIE type Wall-mounted eye wash station with basin, ref. 9102 (or approved equivalent).

» • We recommend installing a thermostatic mixing valve upstream to provide safe, temperature controlled mixed water.

FONCTIONING AND APPLICATION

- Operation: 1/4 turn, chrome-plated brass valves open and close quickly. Water flow is activated by hand control. Continues to operate even when hand control is released. Water flow stops when hand control is pulled towards the operator.
- Use: - All environments where there is a risk of contamination to the body and/or face by dangerous chemical substances. - Industrial environments, laboratories, municipal workshops, hospitals, education facilities, swimming pools, garages, etc.

PRODUCT ADVANTAGES

- COMFORT:
 - Quick and easy to operate using a hand control.
 - Jet will not damage the eye.
 - Protective caps eject automatically when activated.
- EFFECTIVE: Large flow rate to quickly decontaminate the eye area. Flow rate set at 20 lpm at 3 bar.
- SAFETY: Spray head fitted with stainless steel double filter, prevents and debris in the pipe work from coming into contact with the eye. Protective dust caps on spray head.
- EASY TO MAINTAIN: Spray heads have removable grills.
- DURABLE: stainless steel basin in green epoxy and galvanised steel pipe-work in grey epoxy.
- RELIABLE: scale-proof and corrosion proof mechanism.
- EASY TO MAINTAIN: Spray heads have removable grills.
- 10 YEAR WARRANTY.
