### Products

Alutec offers solutions for three distinct areas:

- Gutters and rainwater systems
- Soffit, fascia and copings
- Roof and shower outlets

All Alutec systems are manufactured to and in excess of the appropriate BS or EN Standards.

### Benefits of Alutec's product ranges:

**Life expectancy**  
of 50 years or more

**Near-zero maintenance,**  
only periodic aesthetic cleaning required

**Marine grade aluminium,**  
Alutec systems will outlast other grade aluminium systems

Industry **leading flow rate**  
performance

**Innovative and sustainable**  
design

**Durable and strong,**  
made from heavy grade extruded and cast aluminium, making Alutec systems more resistant to damage than steel, roll-form or PVC systems

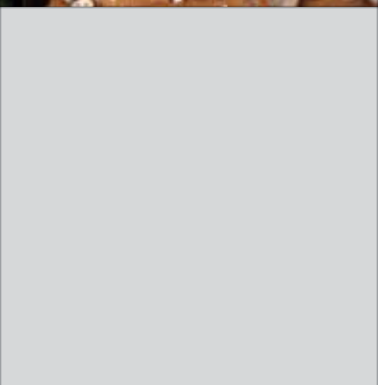

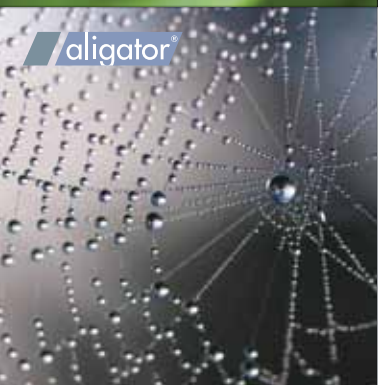

**Traditional and modern**  
range options

Full **technical support**  
and design service

Aluminium is **65% lighter**  
than steel or cast iron, making Alutec easier and safer to install

Soffit and fascia: 9 standard colours, with hundreds of non standard colours available.

<b>RAL 9010</b> White	<b>RAL 1013</b> Pearl White	<b>RAL 9006</b> Silver	<b>RAL 7015</b> Slate Grey	<b>RAL 7016</b> Anthracite Grey	<b>RAL 7021</b> Granite Grey	<b>RAL 7036</b> Platinum Grey
<b>RAL 7037</b> Steel Grey	<b>RAL 9005</b> Black	Colours are approximate and for general guidance only. For exact colour and finish reference, colour plates are available on request. Hundreds of colours are available on request. For information on these and the gloss levels of the coating, please contact Alutec.				

Wichelstowe, Swindon, Wiltshire

- Using the latest manufacturing technologies to reduce its carbon footprint, making the Evolve family one of the most green and sustainable systems available in the UK today
- Industry leading flow rate performance, reducing the number of downpipes required
- The unique JuraJoint (pat. pending) makes jointing quick, simple and secure
- Available at a lower price in the popular Heritage Black finish, with a textured surface to emulate the appearance of cast iron
