

# T550i

twin impeller pump

Dimensions given are approximate

Voltage	230/240V AC.	Rating	590W nominal
Plumbing System Compatibility		Low pressure gravity	
Inlet Connections	15mm push fit		
Water Entry Points	Side		
Outlet Connection	15mm push fit		
Minimum Head Pressure	150mm		
Maximum Head Pressure	10m		
Maximum Open Outlet Flowrate at 1.2 Bar	16l/min		
Approvals, Complies with	BEAB, CE		
Guarantee	1 year		

## Operating Features

- Converts a mixer shower into a power shower
- Provides pressure up to 1.2 Bar
- Variable speed control
- Pump switches on and off automatically as the shower is operated
- Limescale resistant material
- 4 flexible connectors with 15mm push fit fittings
