

Moon

The Moon can be supplied with connections for conventional plumbing or electric only. Please specify at the time of ordering.

660mm diameter disc.

Depth from wall = 140mm

Connections from pipe work is via flexi hose, if wet system.

Please note: Due to the position of the electric element, a small section on the base of the Moon will not heat up, however this will not affect heat output.

Important Note

The Radiator Company recommend that existing or new pipework is not adjusted until the radiator or towel rail is installed in its final position.
